

Re: IRACE Sno-X Series goes to ERX Motor Park –Jan.28

Jan.19, 2012

The Wisconsin IRACE Sno-X series is pleased to announce we WILL be having a race on Jan.28 as scheduled. However, it will be held but at a new venue. The race scheduled for Jan.28 in Brackett,WI unfortunately, had to be cancelled. Even with exhaustive efforts, we just don't have enough time to get the snow made with warm weather coming in this weekend into next week. It is unfortunate as the annual race in Brackett is in conjunction with the United Cerebral Palsy fundraiser "Sno Biz". IRACE has been bringing sno-x to the event for the last 2 yrs. and has greatly enhanced the event. Plans are underway for 2013 and we WILL be racing there next yr.

With the generosity and cooperation of the people at ERX, the scheduled Jan.28 race will be held at their location. It is a perfect match as ERX has built a great "grassroots" series since their inception. IRACE in its 12 yrs. of operation has also become known as a "grassroots" series. Both are known for their relaxed atmosphere and emphasis on FUN. IRACE has similar classes to ERX Thurs. night series with a vintage and also trail class. We are inviting the ERX Thurs. night group to come out and play on a Saturday night. We are offering a FREE daily membership to anyone who has raced the Thurs. night series. Of course since we are an affiliate of ISOC, any full ISOC member will have no membership fees as well.

We hope to still raise money to donate to UCP thru a raffle and a 50/50 drawing. If anyone has something to donate to the drawing it can be left with the ERX staff or contact me to arrange pick up.

ERX has a scheduled practice from 10am-4pm on the day of the race. They will be offering a reduced practice session from 1pm-4pm for those who'd like to get some seat time prior to the race. Speaking of seat time...IRACE will be debuting its new class at the ERX race called the IRONMAN. Any racer age 16+ yrs.of age can enter. The other requirement is that you have to be registered for (2) classes other than the IRONMAN. The IRONMAN class will race (5) rounds of racing throughout the event. The winner will receive a large trophy AND ½ of the entrants will receive their entry fee back. This will be determined by a random drawing of those who are in the class. Hope to see a great turnout to support a GREAT cause.

Information/contact info on our website @ www.iraceatv.com

Thanks

Terry (IRACE president).
